

TOPLINE

Monthly Harvard-Harris Poll: July 2017

This survey was conducted online within the United States between July 19-24, 2017 among 2,032 registered voters by The Harris Poll. The results reflect a nationally representative sample. Results were weighted for age within gender, region, race/ethnicity, marital status, household size, income, employment, and education where necessary to align them with their actual proportions in the population. Propensity score weighting was also used to adjust for respondents' propensity to be online.

 Table 185

CL17 The FBI and other law enforcement agencies sometimes use a device that simulates a cellphone tower in order to get a suspected criminal's phone to connect to it, and thus discover the person's location. This is usually called "stingray" technology. Do you support or oppose the FBI using stingray technology, without a warrant in each of the following situations?
